APTN reserves the right to a world television premiere for the film in addition to a negotiated number of plays over a period of five years.

Please note that, in order to make the films available to the widest audience, APTN will require the films to have closed captioning and described video.

Programs that receive a licensing fee commitment must commence principal photography within 18-24 months of signing an agreement with APTN, and have interim financing or similar funding arrangements in place.

APTN is unable to confirm at this time when first payment can occur. If a project is recommended for licensing and or development, APTN will contact the producer to discuss potential payment drawdowns. APTN strongly suggests that producers forecast and budget for interim financing for a minimum period of 12 months.

APTN receives more than 250 television proposals, as well as a similar number of Digital Media project proposals each year and is only able to proceed with a small number of these. A rejection of your proposal is not always a creative judgment on your work but merely a reflection of how much we can commit to at any given time.
